

# Full Line of Midwest Products

## Terminal Boxes

The enclosure protects all terminations and allows for easy connections. 240V or 400V single phase and 600V three phase.

## Service Entrance

Designed for homes and RV parks, Midwest service entrance equipment meets NEC requirements and is UL Listed. Pedestal or surface mounted.

## Transfer Switches

Choose single or three phase configurations, 100-400A, with ratings 240V or 600V.

## Transformers

Our transformers are setting new standards in quality, design, manufacturing and testing. Midwest general purpose transformers are the brand contractors trust for trouble-free installation and years of reliable service.

## Safety Switches

Wide variety of general and heavy duty switches. Available in 30-200A; Fusible or Non-Fusible; 240V or 600V.

## Power Outlets

Receptacles, overcurrent protection, disconnecting means, metering and pedestal mounting (as required) are delivered in a single, ready-to-go enclosure.

## AC Disconnects

Our AC disconnects meet NEC 440-14 and come in the full range of ratings and types.

## Temporary Power Equipment

Receptacles, overcurrent protection and, where needed, meter sockets and GFCIs are fully assembled in a single enclosure, ready to mount and connect.

## Electric Vehicle Charging Stations

Latest technology for electric vehicle drivers with a 7.2kW rating in a NEMA 3R enclosure. Options for remote software control and point of sale solutions.

## Recreational Vehicle Park Equipment

Metallic and thermoplastic units with options for electronic metering, integrated TV/telephone and lighting. Pedestal or surface mounted.
