FOR IMMEDIATE RELEASE

Alberta | Saskatchewan | Manitoba

To all our business partners,

We are thrilled to announce that GB Agencies and DAD Sales have reached an agreement to merge their operations as **Prairie Power Solutions**.

This merger represents a significant milestone for both organizations, enabling us to enhance our service offerings and extend our coverage across the Prairies and beyond. With a combined workforce of 30 employees, our goal is to solidify our leadership position in the electrical sales industry while continuing to innovate and excel as a manufacturing agent. This merger also ensures a robust succession plan for key positions within our company.

We are pleased to confirm Prairie Power Solutions will operate with the Senior Leadership Team of:

- **Gary Beer**
- **Bonnie Youngs**
- **Bob Holman**
- **Sandra Beer**
- **Brent Youngs**
- **Aaron Morden**
- **Ben Wells**

There is no immediate change to contact information or flow of business for our agencies. More exciting details will follow soon!

We are excited about the opportunities this merger brings and are confident that it will significantly benefit our business partners. If you have any questions, please contact Gary Beer or Bonnie Youngs.

Thank you for your continued support.
